To the Graduates:

We hope the past four years have been productive years, in the sense of preparing you for a life of SERVICE. If our teaching has been functional, we shall reap the highest rewards in joys and satisfactions while seeing you take your places in, and make significant contributions to, the life of our community. Education is your first line of defense and prepares for intelli-

gent study and solution of our common problems.

Your spirit of helpfulness and cooperation will carry you far, and your achievements will long be remembered and cherished by both students and teachers.

We, at Kelvyn, extend to you congratulations and best wishes for your continued success.

DEDICATION

To Our Parents...

In dedicating the Kelvynian to you, our parents, we want to thank you for all that you have done. We realize that without your help and guidance it would be impossible for us to be here, upon the threshold of graduation. It is you who have shown us the stars toward which we are to strive, and although at times we have each been sure that the other could not be right, we both found that experience is a good teacher. We appreciate the kind patience and understanding you have shown us when many of us did not know what we wanted, or what we were striving for. We hope that your most anxious days are over, and that now you can sit back and relax a little, as we go on from star to star.

THEME

"Together We Build"

The Kelvyn Park Parent-Teacher Association was organized in 1925 with the general objectives of the National and State Congresses:

To promote the welfare of children and youth in the home, school, church and community.

To raise the standards of home life.

To secure adequate laws for the care and protection of children and youth.

To bring into closer relation, the home and the school, that parents and teachers may co-operate intelligently in the training of the child.

To develop between educator and general public such united efforts as will secure

for every child the highest advantages in physical, mental, social and spiritual education.

Apple Taffy Sales held once each month in the school and a Christmas Sale were the largest ways and means projects this year. The proceeds were used to fulfill the final payments due on the robes for the Girls' Chorus.

National Education Week and a luncheon were sponsored by the P.T.A. in cooperation with the school, at which time many churches, Women's Clubs, and Legion Auxiliaries in the community were invited, thus bringing the home, school, church and community into a closer relationship.

A D A S T R A

Summer stars shining bright —
Reflect youth's beauty, give us light.
Each so high and far away, —
I hope and trust to see the day
When each of us can reach his star
And live the dreams of a goal now far.

National Honor Society

The Kelvyn Park Chapter of the National Honor Society has been functioning since January 1951 under the sponsorship of Miss Mildred Harms. Those eligible for membership in this organization must be in the upper third of their class in scholarship, and also rate high in character, leadership, and service. An induction ceremony is held each semester. The club is national and all correspondence is handled through the National Association of Secondary-School Principals at Washington, D. C. To distinguish members of the National Honor Society from the other graduates, a gold tassel is worn on the night of graduation. The society's emblem is the Keystone and the Flaming Torch.

The stars to which members of the National Honor Society aspire are sterling character, scholarly habits, active leadership, and worthy service.

Student Council

The Student Council is the governmental organization of the students at Kelvyn with representatives from each division. It gives the students a way to improve both their welfare and that of the school, and provides the all important link between the student body and the faculty.

This year the Student Council was responsible for the promotion of the activity ticket, sponsors a 9B welcome assembly each semester, and has different committees to keep the building and grounds in order. The faculty advisor is Miss Nemec.

Legion of Honor

Scholarship! Service! Promptness! These three factors are those attributing to membership into the "Legion". Points are given for these qualifications and when a total of 80 is reached a student is admitted to the group. It is mainly a service club but it offers various social activities to its members under the guiding hand of Mr. E. J. Nelson.

Pan American Club

The Pan American Club's purpose is to further friendship among the young people of the Latin American countries. To accomplish that end, its members study the characteristics of the twenty Latin American Republics, learn their songs, correspond with high school students of these countries, and exchange newspapers and magazines. The Club's annual Christmas party is a highlight in the K.P. calendar of events.

Over recent years, the membership of the club has expanded. It ranges from sixty to a hundred members and they meet on the first Thursday of every month.

The Pan American Club exists in all high schools in the countries of the Pan American Union, not only in the United States. Its influence is universal in the Pan American countries.

*

The German Club

Der Deutsche Verein is as old as Kelvyn Park High School itself. It was founded with the purpose of acquainting its members with the language and literature, the musical, artistic, and scientific achievements which German civilization has contributed to the world.

Interest in the Club has grown each semester. Mr. Bock, the sponsor, is satisfied with the attention and talent students have donated to the German Club. In turn, the students are very grateful for the enthusiasm Mr. Bock has shown toward all of the Club's activities. These two factors have attributed greatly to its success.

French Club

Le Cercle Francais recently re-organized by the Advanced French Class has done a fine job of promoting an understanding of French culture and customs. Its meetings also provide great social enjoyment.

This year the club, with the aid of its sponsor, Mrs. Edith Wright, and the Art Department held a "Daisy Day Sale" to provide funds for a music scholarship.

Latin Club

Any student with a desire to acquaint himself with Classical Civilization is welcome to membership into the Latin Club. It aims toward a better understanding of the culture and influence of this civilization upon the modern world, to stimulate interest in projects of cultural value, and to provide additional social contacts among its members. The club was organized by Mrs. Dykes, who just recently came to Kelvyn.

Civic Forum

The objective of the Civic Forum is to provide a means of discussion of current topics pertaining to the school and community. These discussion programs are planned by the program committee, of which Nancy Bender and Lois Hansen are the co-chairmen. Its programs consist of debates, round table discussions, and guest speakers.

Membership cards are issued each semester. Two semesters membership entitles a student to a Civic Forum letter.

Miss Mary Gallagher, sponsor, wishes to congratulate the officers and program committee for their very efficient work.

Foreign Friendship Club

The Foreign Friendship Club was founded by Mrs. King and, under her direction, became one of the most successful clubs in K. P. Since her transfer, Mrs. Bergstrom has become its sponsor. The motto, "Bring a friend, make a friend," exemplifies the objective of the Club. Its activities include the exchange of letters, photos, and cards with students of other nations, enabling the members to better understand foreign nations and their customs. One of its proposed activities is a scrap book of all nations.

Art Club

The Art Club, sponsored by Miss Adams, brings together those artistic students who are interested in sharing their talent and ideas with others. At meetings the more artistic students gain a better understanding of the fine arts along with practice in actual designing, sketching, clay modeling, making mobiles, and other handicraft articles. Letters are awarded for two semesters of membership.

Kelvyn Players

The Kelvyn Players attracts all students interested in activities associated with the stage. Meetings are lively with try-outs for new members and creative dramatics presented by older members. The radio skit, "Bonfire," was presented for Fire Prevention Week and "Macbeth," one of Shakespeare's greatest tragedies, was turned into a parody for Activity Ticket Day.

"All the world's a stage, and all the men and women merely players," quotes Mrs. Sachs, the Players' sponsor.

Stage Crew

The Stage Crew, consisting of a group of boys, who operate the P. A. system, the stage lights, and sometimes create scenery, is responsible for seeing that shows are run without any mechanical difficulties. Their outstanding accomplishment

this year was the acquisition of a modern spot light. The Stage Mechanics, as they are sometimes called, receive their training from Mr. Hungerford, who is always on hand to help the boys.

Movie Operators and Tape Recorders

A movie operator shows from 20,000 to 100,000 feet of film per week. On each floor there is one projector and certain departments have their own. Arrangements for films are made between teachers and movie secretaries. The secretaries are responsible for seeing that the operators and films get to the right rooms. A letter

is awarded to an operator for four semesters of work with bars for special services.

For two semesters K.P. has had the advantage of radio programs broadcast from WBEZ by means of the tape recorder. The tape recorders make recordings of programs and play them for various classes.

Boys' "K" Klub

Mr. Brownstein, founder and sponsor of the "K" Klub, has succeeded in seeing that the lettermen of K.P. have made their organization an outstanding example of clean, democratic living. Membership into the group is awarded to any boy who has earned a letter for athletic competition. Activities included their annual banquet at Dang Ho Restaurant and lending a helping hand wherever needed.

Girls' "K" Klub

Membership in Miss Ekstrom's "K" Klub is a great honor. To qualify, girls must meet requirements in health, individual and team activities, leadership, service, and scholarship. As the membership is increasing, the group is becoming more active. There are "O" period games and parties, as well as the traditional Splash Party initiating new members. Fair play at all times is their goal.

Bookroom Assistants

Did you ever walk into 310?

Here you will find thousands of books and pamphlets—in fact, more than 30,000. It's a busy time at the beginning of each semester, issuing books for student use. Bookroom assistants also prepare new books for use, stamp and number them, and put on labels. Each year they make an inventory. Miss Lester, with her efficient student assistants, distributes textbooks to all of Kelvyn's students.

Library Assistants

Miss Poltrock's aim through the organization of library assistants is to train girls in library work. They are an aid to her in keeping a smooth running peaceful place of work and study for students. The organization is an excellent source of cultural, vocational, and social experience which is an asset to any girl after high school graduation.

D. Leiber, C. Christiansen.

Although the Kelvyn Park Bowling Club is less than a year old, it boasts a sturdy membership of high scoring girls and boys whose greatest thrill comes from scoring a strike, and whose spirits sink when they are confronted with a "railroad."

Under the capable direction of Miss Lillian Ekstrom, this fast growing club meets every Thursday after school at Rainbo Bowling Lanes for an afternoon of fun and fellowship.

Rifle Teams

The Boys' and Girls' Rifle Teams are sponsored by Capt. Dillan and Sgt. Friels. The Girls' Team was organized in November, 1951 and many girls have shown their enthusiasm for this new sport. In fact the Girls' Team won the first match against the boys this year. Before

a match with another school, an intramural shoot is held, from which the five with the highest scores are chosen to compete with the opposing school. As in all other competitive sports, letters are awarded for participation. Anyone interested in this form of recreation is welcome to pay a visit to the rifle range.

R.O.T.C.

The objectives of the R.O.T.C. are (1) to lay the foundation for intelligent citizenship by teaching the principles of leadership, respect for constituted authority, courtesy, hygiene, correctness of posture and deportment; (2) to give the student (cadet) basic military training which will be of benefit to him, and of value

to our country if called.

The Rifle Team broke the school record for total points scored in a city match by totaling 885 points against Schurz.

Maj. Anderson, Sgt. Blanchard, Capt. Foss, Sgt. Hansen, Capt. Reinertson and Lt. Stirmell earned school letters.

Choruses

MRS. FLORENCE LOVE
Director

The Kelvyn Park Girls' Chorus is known throughout Chicago for its outstanding work in school and community activities. The Chorus has been honored several times by singing for Mayor Kennelly during the Christmas season at the City Hall, and also for the Herald American Oratory Contest. The Chorus has received superior ratings in the City Competition and now holds five plaques for which all city high schools competed.

A Spring Festival is put on annually by the Chorus and solo voices, in cooperation with the instrumental organizations. It sings for such assemblies as Labor Day, Thanksgiving, Christmas, and for P.T.A. programs.

The Mixed Chorus, re-organized five years ago, also adds color to many school programs. Like the Girls' Chorus it keeps a Historian's Book containing programs, write-ups, pictures, and many other interesting works of the club.

Mrs. Florence T. Love, director of the Choruses, is responsible for their excellent work. She has put in endless hours of special rehearsals to promote Choruses of perfect and well blended voices. She is aided by the officers of each group who are always the most capable students.

Orchestra

MISS L. FRANCES FISCHER
Director

L. Frances Fischer

Music — the universal language, life expressed in sound. An understanding of these words is acquired in the various instrumental organizations, where experts and beginners share in the pleasure of creating. Rehearsals are always fun, at Assemblies confidence is gained, and at the Festivals the achievement of fun and work together is brought before the public.

The Orchestra and Band, directed by Miss L. Frances Fischer, has added color to many festive occasions at K.P. Extra time and effort, donated by members of the Band, makes the Kelvyn Loyalty Song sound its very best before a crowded stadium of football fans.

After graduation many students will continue along the musical road, where their first brave steps were taken at K.P.

MRS. MARGARET NORDMAN
Faculty Adviser

Margaret Nordman

During the past year the Kelvyn Park Panther has proven a great pride to the school. Mrs. Margaret Nordman's hard work along with that of a hustling staff has reached its goal in publishing a paper far above any ever before offered the students at K.P.

With its striking make-up, attractive pictures, interesting reading material, and unusual contests, it has provided for much amusement as well as being of great educational value to the students.

Jean Richardson — entered Kelvyn in September, 1948, after attending Stowe Grammar School — was a popular member of Mr. Kenny's division — took an active interest in K.P. as a German Club member, hallguard, teacher's and library assistant — was a sports fan and a lover of dancing and popular music — passed away September, 1950, in an auto accident — "Jeanie" will long be remembered by her many friends.

Kelvynites at Work...

Between the hours of eight and three,
And sometimes even longer,
Kelvynites at work you'll see
To make their future stronger.
They learn to use all talents well,
And it's indeed a pleasure

To see them working all pell-mell,
Working right together.
Readin', writin' and 'rithmetic
Is not their only learning,
But ways to make the "good life" click
And keep this bright world turning.

KELVYNITES AT WORK

Management of the home, an asset to every happy family, keeps these girls smiling as they look into the future and see a sparkling kitchen of their very own.

Now is the time . . . to be accurate, speedy, and dependable. Miss Byman reminds us, "It's quality not quantity that counts." K.P.'s typing champs are Dorothy Meling for the fall term and Leone Harrington for the spring.

After three elimination contests, both written and oral, Elizabeth Murawski emerged as our star speller. Kathleen Shogren and Barbara Tracy, school oratory champs, upheld Kelvyn's honor in the Hearst Sectional Contests.

Mrs. Magner, Spelling Mistress, conducts finals in the 1951 spelling contest with Roberta Berggren, Lorraine Pruszynski, Myron Erkelitian, Elizabeth Murawski, Joan Kratochvil, Wilma Collins, and Sue Coquillette.

Josephine Curriere was the star of the Christmas play, "This Strange Night," which was directed by Mrs. Frances Sachs. This unusual play was one of the highlights of the year, leaving a lasting impression on all who saw it.

The Harlem Globetrotters with their many stars, dazzled two capacity Kelvyn audiences with their playing. These zany, long-legged fellows were led by their captain, Marques Haynes.

ROBERT DE WYZE
Coach

As the 1951 football season approached, Coach DeWyze looked forward to another successful year at Kelvyn. Led by Captain Fredriksen and Dick Lugo in the backfield and Harold Quist and Don LaMarca in the line, the Panthers were anticipating a playoff berth, but injuries weakened the starting lineup for the crucial games decisively.

The Panthers met and defeated rival Foreman to the tune of 19 to 0, for their first victory of the season. Roggatz, Larsen, and Nuss scored the touchdowns, Lugo adding the extra point. The next game pitted Kelvyn against a highly-rated Steinmetz squad. The Panthers, weakened by the loss of their star tackle, Quist, were unable to capitalize on the few breaks they got, and were defeated, 14 to 0. A week later the black and gold trounced a surprised Wells team, 24 to 12, with Fredriksen scoring two touchdowns and Roggatz and Nuss tallying the other two. Early in the week preceding the Harrison game Captain Fredriksen suffered an ankle injury which sidelined him for this all-important contest. More injuries during the game deprived the Pan-

thers of several key men and enabled a strong Harrison team to win, 21 to 0. Next, seeking to avenge last year's upset, the aroused Panthers routed Tuley, 20 to 6. Roggatz, Nuss, and Fredriksen accounting for the T.D.'s, Lugo and center "Bulldog" Czesewski adding extra points. Two weeks' rest proved profitable as the underdog Panthers shut out Crane's Cougars, 12 to 0, with halfbacks Nuss and Fredriksen scoring the touchdowns. A week later, the Austin Tigers, section champions, proved to be too much for the hard-fighting Panthers, this game missing Christienson, who had seen limited action in the two preceding games because of a wrenched knee. The final score was Austin 31, Kelvyn 0, ending the season.

Throughout the season linemen like Quist, LaMarca, Roggatz, Christienson, Jahnke, Czeszewski, Johnson, and Branueis, the only sophomore in the starting lineup, displayed the fight the Panthers are famous for. Capable reserves were Moline, Pick, Andersen, Heeman, Belford, Halvorsen, and Larssen. Backs Fredriksen, Nuss, and Petersen led the running attack, while Lugo specialized in TD passes, and Bouwman, Larsen, and Anthony headed the defense. Able reserves included Ovington, Gratton, and Howaneitz.

FOOTBALL

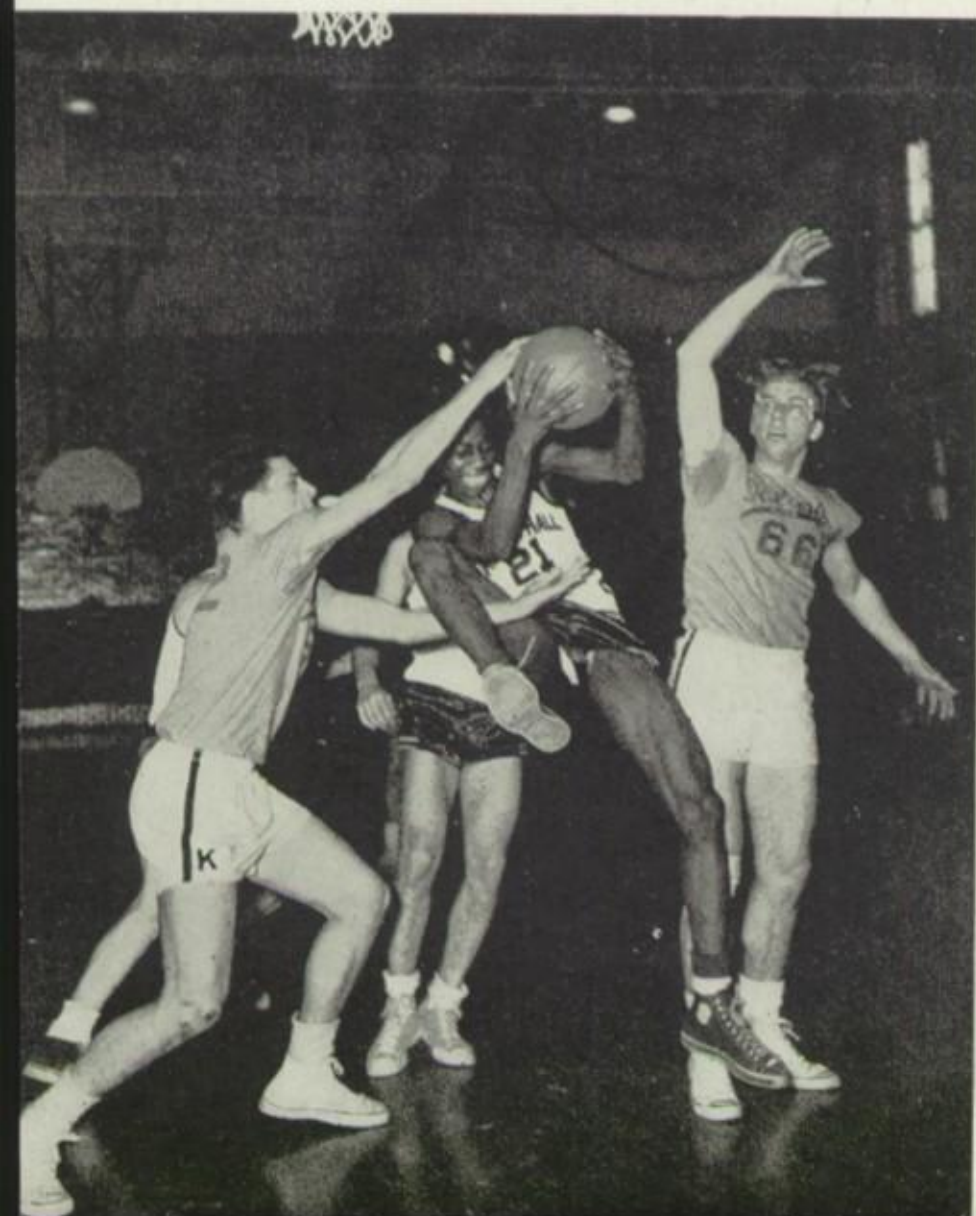

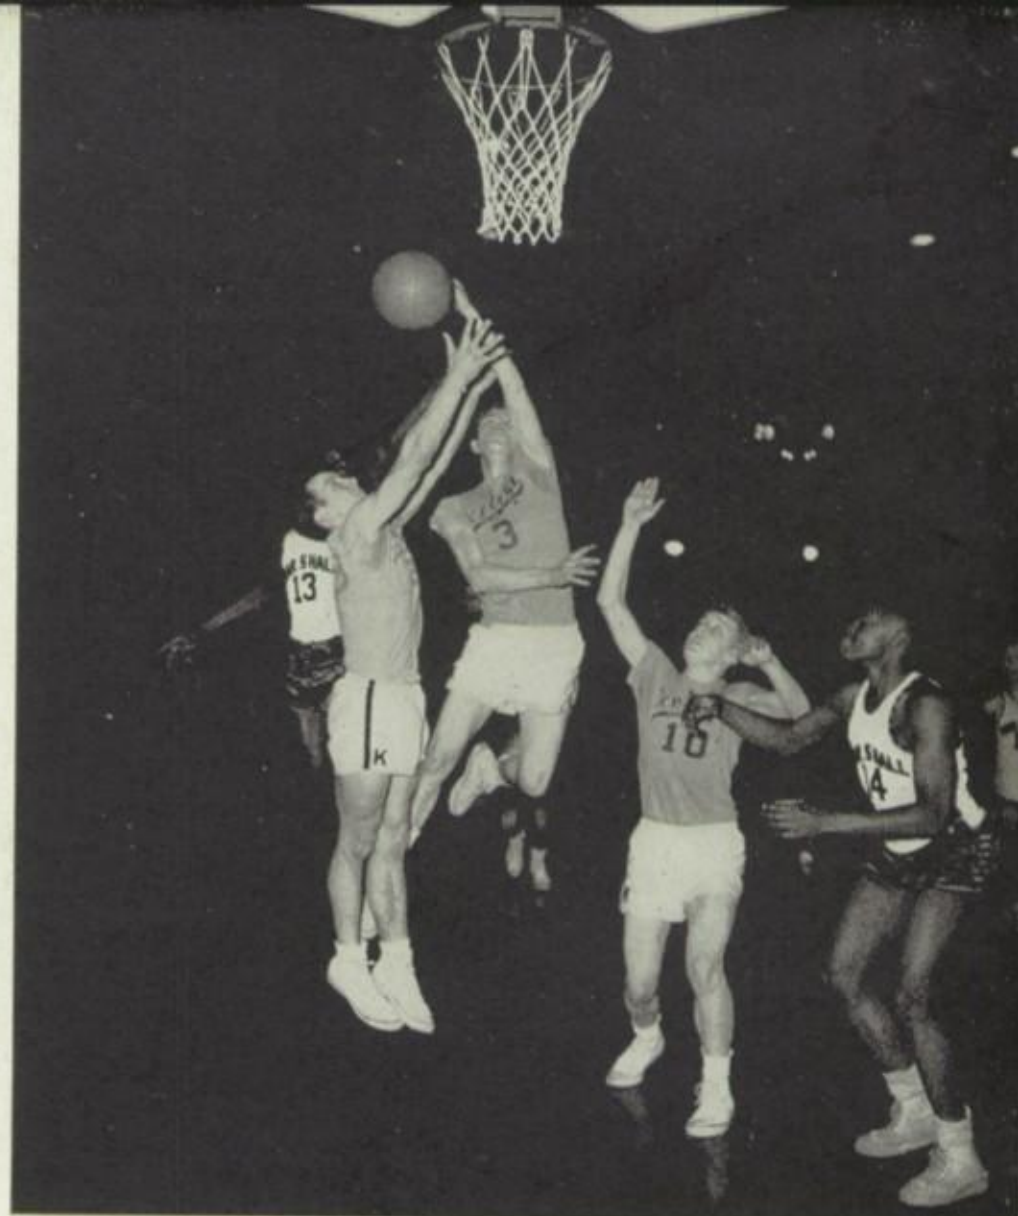

Harold Quist, 6'-2", 225-pound veteran tackle, was picked on the all-West section first team and received honorable mention for all-city. Also mentioned for West section honors were Roggatz, Czeszewski, Lugo, Fredriksen, Chistienson, and LaMarca.

Next year, led by co-captains Mel Nuss and Art Czeszewski and coached by E. J. Nelson, the Panthers promise another winning season to Kelvyn fans.

Senior Basketball

Although their record of three wins and seven losses was unimpressive, the Seniors were a much better team than the final standings showed. An inconsistent team, they played their best games against Marshall and Wells, the first and second place teams in the West section.

Back to lead the team this year at center was Captain Joe Bellizzi. At the forwards were Bud Berenson and Warren Bouwman. The guard spots were ably filled by Don Jahnke and Larry Roggatz. Capable substitutions included Jim Janisch, Dick Paulsen, and Ed Roche. Although they failed to all click in one game, each starter played one or more commendable games throughout

the season. K. P. fans will long remember Bellizzi's Washburne game, Berenson's Marshall game, Bouwman's Austin game, Jahnke's Wells game, and Roggatz's Manley game.

High scorers for the Seniors were Bellizzi, with 290 points, good for second place in city competition, and Bouwman, with 132 points, each in ten games. Bellizzi, a unanimous choice for all West section honors, this year was also voted on the first string All-City squad, an achievement no other Kelvyn athlete has ever attained. Bouwman, a junior this year, will return next season to pace the team at forward. Good luck to the seniors next year.

Junior Basketball

PHILLIP BROWNSTEIN
Coach

With only one starter returning from last year's team, the Juniors were faced with the big problem of rebuilding the squad, and judging by their creditable record of four wins and six losses, the hustle shown by their green team was not in vain.

The returning starter was Captain Jerry Kallas, a tricky, high scoring guard. With him at guard was floorman Jim Barron. At the forwards were defensive ace Bill Paris and jumpin' Bob DiNello. The center was Willy Colbeck, who was adept at getting position throughout the season. Able substitutes were Don Shields, Wally Freier, Ron Pohl, Larry LaMontagne, Arie Sturrus, and Bob Andersen.

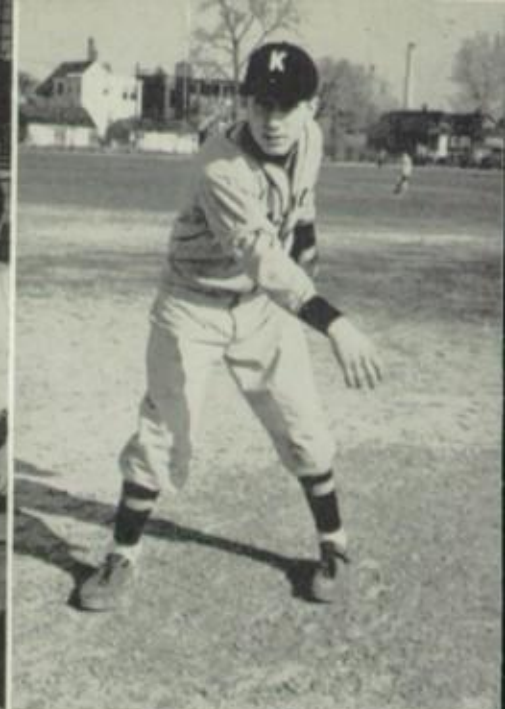

Leading scorers on the Juniors were Kallas, with 170 points, and DiNello, with 125 points, both in ten games. Kallas, a veteran of four years, was this year placed on several all-section teams. Had an all-section rebounder been selected, DiNello would have copped this honor easily.

With six lettermen returning next year, the Juniors are anticipating a very successful season, and promise many thrills for Kelvyn's fans.

Baseball

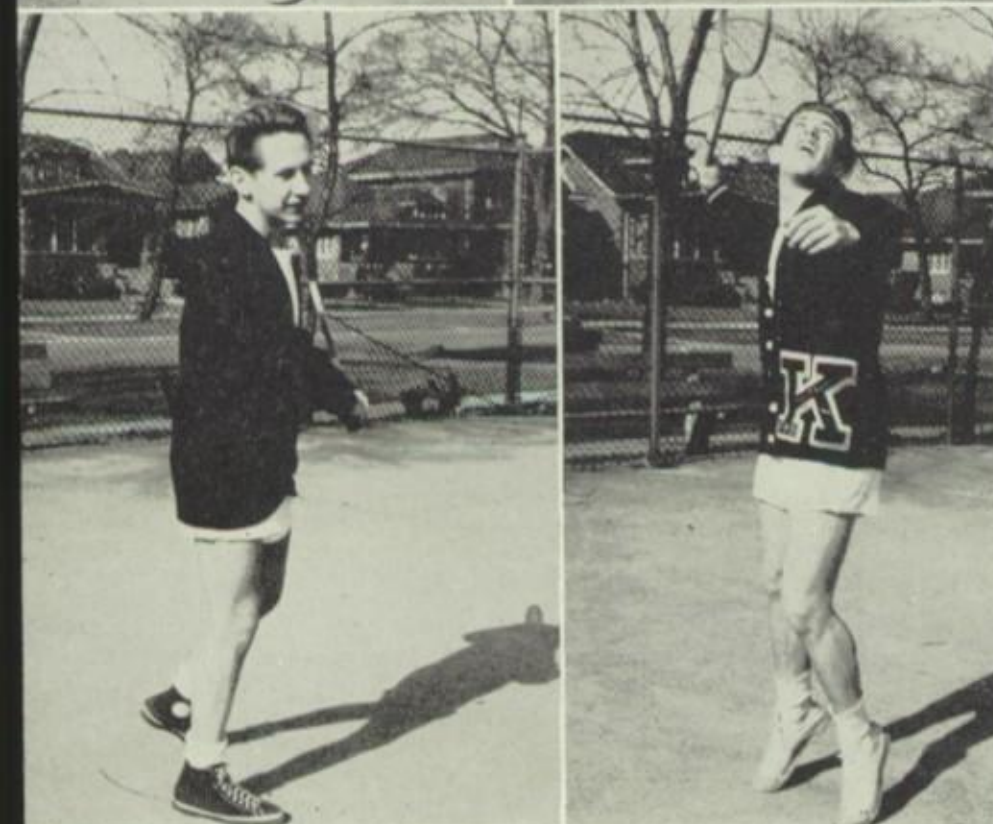

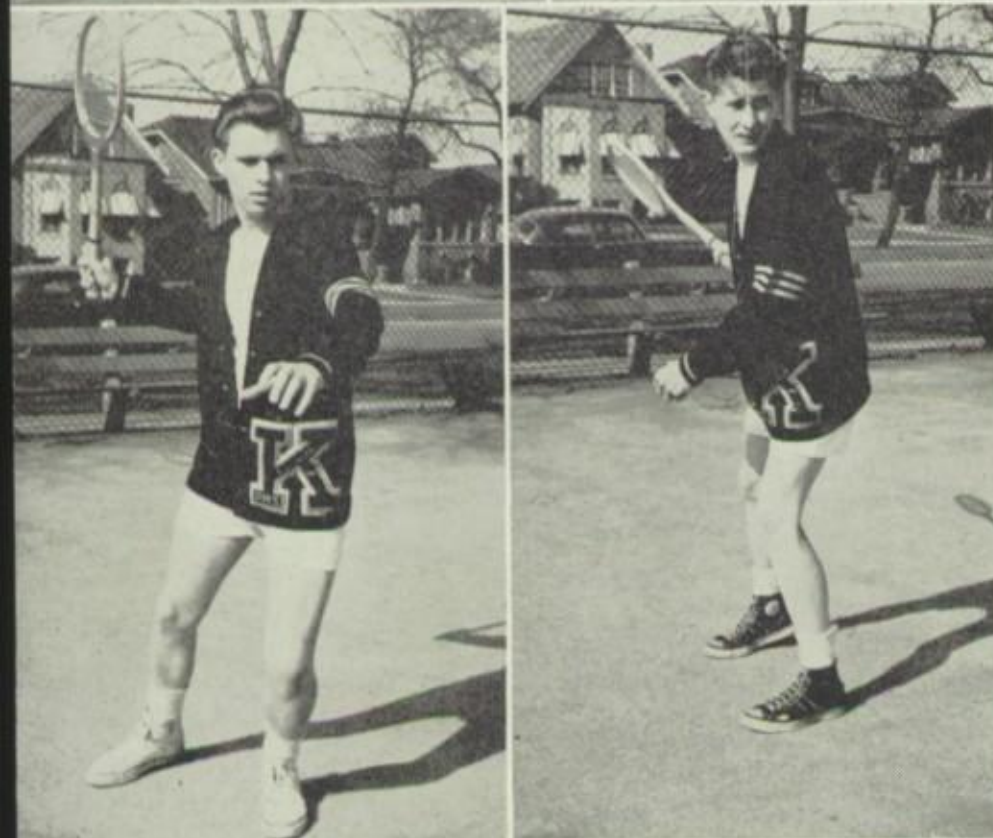

As spring rolled around this year K. P. baseball fans anticipated another good season for the Panthers. With seven returning lettermen and a host of spirited newcomers playing well, the team, coached by Lou Weintraub, looked sharp in pre-season games.

The co-captains this year were Jerry Kallas and John Panagakis. Kallas, a four year veteran, led the team in stolen bases and was second in batting last year. He plays infield and pitches, as does Panagakis, who is play-

ing his third year of baseball at K. P. A tireless hustler, Panagakis finished third in batting in '51, and looks even better this season.

Also returning to spark the squad were lettermen Larry Roggatz, Warren Bouwman, and Gene Barnes in the outfield, Art Czeszewski, a catcher and Ron Huck, a pitcher. Hustling newcomers breaking into the starting nine included Myron Erkiletian, James Papas, James O'Connell and Ted Szczesny.

Good luck to next year's team!

Tennis

With six lettermen returning this year, Coach E. J. Nelson looks forward to a very successful tennis season.

Back to lead the team at the one man position is Co-captain Don Jahnke, who is in his fourth and final season of tennis at K.P. In the two man spot is Co-captain Jim Janisch, also in his fourth year of tennis.

Third man, Caleb Petersen, a junior and a three year veteran, and fourth man, John Andersen, round out the single players.

The doubles team consists of Ron Traub and Ed Michal, both second year men and seniors.

Also returning is George Brauneis, who placed fourth playing novice in last year's city competition.

The physical education program at Kelvyn provides a varied schedule for each girl. Group sports such as soccer, basketball, volleyball, and baseball are stressed, as well as individual activities. In these activities the girls develop teamwork, cooperation, and good sportsmanship. During the freshman and sophomore years, swimming plays an important part in this well-rounded program. Vigorous and rhythmic exercises are given to improve carriage and poise which are essential to a well balanced personality. Each spring every girl is given a series of tests to determine her accomplishments in endurance, strength, agility, and speed.

Every freshman aims to pass her Swimmer's Test as soon as possible and receive her swimmer's emblem. In order to be a proud wearer of this insignia she must: 1. Jump in deep water, swim 25 yards, turn, and return, 2. Tread water for 30 seconds, 3. Float motionless for 30 seconds, 4. Execute a plain dive, 5. Swim 100 yards, 6. Witness artificial respiration, 7. Swim three strokes perfectly the width of the pool, 8. Swim on back 50 yards, and 9. Surface dive and recover an object.

In the spring of every year Physical Fitness tests are also given. They consist of knee-raises, sit-ups, push-ups, rope jumping, and the potato race, and rate the girls with others of their own grade level in school.

Surprisingly enough there are only three teachers who direct this well-rounded program for eight hundred and fifty-eight girls. Each girl has gym three days a week and health once a week for four years, while the freshmen and sophomores also add swimming to their schedule. Any girl is eligible for membership in the Girls' Athletic Association. After she has been an active G. A. A. member for at least two years she can join the Girls' "K" Klub. The Rangers, another auxiliary of the G. A. A., is comprised of girls who are interested in becoming expert equestriennes.
